MEMORANDUM FOR: Chief, Congressional Support Staff, NFAC
National Intelligence Officer for
Strategic Programs

FROM: Director of Central Intelligence

SUBJECT: Strategic Forces Briefing ☐

25X1

I don't think we are doing as well as we should on the strategic forces briefing. I'd like to ask you to make two changes:

a. At the end of the quasi-dynamic charts, please add a paragraph recapitulating what all of these drafts mean in the summary.

b. Take the last chart that ends up with four graphs on it and:

(1) Change the color code so that it is readable--the blue, in particular, is impossible;

(2) Divide it into five charts--USSR residual/lethal area, USSR and US residual/lethal area, USSR residual/hard target, USSR and US residual/hard target, and all four.

We've got to put it up at the beginning in large enough form for them to read easily. ☐
